

Are you interested in volunteering for Alzheimer's prevention research?

Join the APT Webstudy

The Alzheimer Prevention Trials Webstudy

The APT Webstudy is an online memory and thinking research tool aimed at accelerating enrollment into Alzheimer's clinical trials, by identifying and tracking individuals who may be at higher risk for developing Alzheimer's.

There is no cost to participate.

We need your help

If you are age 50+, interested in being part of Alzheimer's prevention trials and want to learn more, please visit aptwebstudy.org
